Baron Families,

The Fountain Valley Baron Baseball Coaches and Boosters would like to welcome everyone to the 2024-2025 Baron Baseball Program! Congratulations to all our new Freshman players and families on your selection into our Baron Baseball family. The baseball program here at FVHS has a lot to be excited about, both on and off the field this season.

The Baron Baseball program is completely self-funded by the annual funds that are raised by our Baron Baseball Boosters, through player donations, events, and community fundraising efforts. Our program could not function without each family's help and involvement.

It costs our Booster club about \$3300 per player to run this program. Costs across everything have continued to rise, and nearly every sport at FVHS has had to increase the costs considerably. This is a lot of money, and we have always tried to keep our player donation cost as low as possible. This year we are asking each family to donate about 55% of that amount. As you can see, our expenses exceed what your player donation will cover. This deficit must be made through our fundraising events and soliciting local business & community for sponsorships or donations.

Your participation in these events is essential if we are to continue to keep our player donation request one of the lowest in our league. The Baron Baseball Program remains successful year in and year out because of the involvement and hard work of our families. We have taken pride in the last few years in being creative and coming up with fundraising events that are unique, fun and target donors outside of our program. I am sure many of you also have many great ideas and experiences that you can share with us as well.

Your positive attitude and effort are the key to these events succeeding. Please remember, our board is made up of volunteer parents just like you, we aren't perfect, and we don't have all the answers so let's all pull in the same direction and help make this a great season!

GO BARONS!

Sincerely,
